BITTEN BY A MAD HORSE

ANIMAL AFFLICTED WITH RABIES ATTACKS HIS OWNER.

Bites a Piece Out of His Arm—Madstone Adheres for Six Hours.

R. P. Lane, the prominent farmer living in the Lebanon neighborhood northwest of Jasper, was bitten by a mad horse last Thursday. The actions of the animal gave every indication that it was afflicted with the hydrophobia. The horse began to show symptoms of the disease Wednesday. It being in the stable with the other horses, Mr. Lane attempted to lead it out when it attacked him biting him on his arm. Mr. Lane could not tell whether the animal's teeth caught his coat sleeve or the bare arm. At any rate it took off a piece of skin about the size of a half a dollar.

The animal was afterward securely tied so it could do no more harm and Dr. Casteraw, the veterinary surgeon on of Lamar was sent for to see if he could do anything for it. When he arrived he immediately pronounced it hydrophobia and ordered the animal killed at once.

It was thought best for Mr. Lane to visit a mad stone and Tuesday he went to Galena for that purpose. The stone was applied at 10 o'clock Tuesday night and adhered to the wound for six hours and it is hoped that all danger from any serious results is past.

George Vincent accompanied Mr. Lane to Galena with the intention of having the mad stone applied to his hands. While Mr. Vincent was not bitten by the horse he assisted in giving it some medicine and a number of doses on the back of his hands came in contact with the froth from the horse's mouth. In order to be on the safe side he considered it advisable to try the mad stone.

Hydrophobia is becoming a serious matter in the Lebanon neighborhood. It began in the summer when a mad dog came through and bit several horses and cattle all of which afterward died with the disease. About a month ago Messrs. Shoopman and Selsor each were compelled to kill a cow, and Mr. Lane also lost a cow a short time before his horse was taken with the awful disease. Another of Mr. Lane's cows began to show symptoms yesterday and it is probable it will have to be killed.

"Dug," Harbor's dog "Spot" has been lost and found again since the last issue of the News.

Mr. and Mrs. F. A. Jones were down from Vernon county last week visiting home folks.

A SERIES OF RUNAWAYS.

Number of Smashups by Fractious Horses

Several exciting runaways have taken place within the past week in this vicinity. They ran into a bank and smashed up the buggy quite badly.

A. L. Nutt's team became frightened the other day at his home southeast of town and ran away. In attempting to jump a barbed wire fence one of the horses cut one of its legs quite badly, which was the most serious feature of the accident.

Wm. Peck, the gentleman who bought the Long place recently had a runaway experience while in the city Monday. The pin which held the double-tree in place came out letting the double-tree fall on the horses' heads. This frightened the animals so they started to run. In attempting to jump the Park fence one of the horses lodged on top of the fence and it was necessary to chop a part off to get it free again. Being free from the wagon when they started to run there were no other damages resulted.

"MOHAMMED" IS DEAD.

Received a Broken Collar Bone And Was Killed.

"Mohammed" is dead. The poor fellow got his shoulder blade broken and it became necessary to kill him. "Mohammed" was a five 8 month old colt belonging to Elmer Lauderbaugh. The animal was discovered Sunday evening in the horse lot with its shoulder blade broken. There were no horses in the lot and Mr. Lauderbaugh is at a loss to know how the accident happened. Veterinary Houser of Carthage was sent for with the hope of saving the animal's life, but he pronounced it a hopeless case, and it was thought best to kill it and put it out of its misery.

A post mortem examination showed the shoulder bone to be broken in two places making a terrible and undoubtedly very painful injury. The animal was a family pet and Mr. Lauderbaugh says he would not have taken \$200 for him.

The Big Attraction Coming.

Belcher's comedians come to Jasper on January 18 for one week's stay. They will fit up the Opera House with scenery for the engagement and will present a series of high class comedies and fine specialties are given between acts. The managers of the Opera House deserve credit for securing this attraction. It will surely be the amusing feature of the year and those who wish to attend should secure their seats at once. General admission 25 cents. Children under 12 years of age 15 cents. Reserved chairs 50 cents. Season reserved good all of the week (except Saturday Matinee) \$1.75 no week tickets sold but reserved. Make application now and pick out your seats. This company are thorough ladies and gentlemen and the plays are clean and wholesome though full of mirth and music.

The Belcher Comedians are playing at Shepard's opera house all this week, producing a different bill each evening. As our readers are well aware the Enterprise is not given to "boosting" every "jackleg" theater company that comes along just because we happened to be provided with a half dozen complimentary tickets, but on the other hand, when a troupe comes along composed of ladies and gentlemen who are artists and who give a good, clean, meritorious entertainment, we like to give them a "lift" and deem it a pleasure to do so. The Belchers, of course, are not strangers to the theater going people of Burlington. They played a week's stand here during the fair last year and gave entire satisfaction. This year we consider them even stronger than before. Miss Clara Belcher is certainly very clever, as is also her sister, Miss Mabel. The company throughout is well balanced, are giving good, clean performances, and deserve your patronage.—Burlington (Kan.) Enterprise.
